To whom it may concern,

I am writing this letter as an endorsement for Muhammad Sahil, a second-year student at the University of Huddersfield.

I met Muhammad at the start of the 2022-2023 academic year while serving as a tutor for the Algorithms and Data Structure module, which he was enrolled in.

Throughout the module, I was impressed with Muhammad's dedication and commitment to learning. He was always engaged in asking insightful questions, actively participating in the tutorials. His willingness to seek out help and clarification demonstrated his desire to achieve excellent results. Furthermore, Muhammad demonstrated a deep understanding of the subject matter, thus producing outstanding results in his assignments.

In addition to his academic achievements, I found Muhammad to be a respectful, polite, and collaborative person.

In my opinion, and at the best of my knowledge, Muhammad has a lot of potential to succeed in any team he joins. I highly recommend him as an excellent candidate for any team or opportunity.

Yours faithfully,
