

23/02/2023

To whom it may concern,

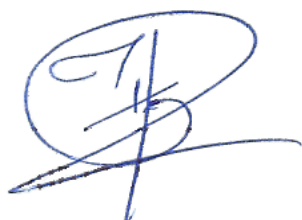

This reference letter is in support of Muhammad Sahil, a second-year student at the University of Huddersfield.

I have known Muhammad since the beginning of the 2022-23 academic year, as their module leader of a second-year module on Algorithms and Data Structures.

In what concerns my experience as Muhammad's tutor, their attendance in my tutorial sessions has been excellent. During tutorials, Muhammad is focused on the activities students have to work on and is not afraid to ask questions. Muhammad's performance in the Algorithms and Data Structures module was excellent scoring an overall module grade of 98%. Muhammad's overall performance is on track for a First-Class Honours degree.

Based on the above, and to the best of my knowledge, I believe Muhammad will be a strong addition to any team.

Yours faithfully,

Dr Ilias Tachmazidis
Senior Lecturer in Computer Science
